Classification of Municipalities

Missouri statutes classify municipalities on the basis of population and limit the form of government options of each classification. The statutes provide that a community may incorporate as a city of the third class, fourth class or village on the basis of the population at the time of incorporation. [1]Once a community is incorporated under a given classification, the municipality does not automatically change classification with a gain or loss of population. A municipality may change classification only when the change is approved by a majority vote of the people.

There are certain forms of government permitted for each classification of municipality. Villages are permitted only one form of government—an elected board of trustees, five in number if the village has less than 2,500 population and nine if more than 2,500 population. Fourth-class cities are permitted to have either a mayor/board of aldermen form or a mayor/city administrator/aldermen form. The board of aldermen may adopt a city administrator form by ordinance, without a vote of the people. Third-class cities are granted greater flexibility with the authority to establish a mayor/council form, a council/manager form, a commission form or a mayor/city administrator/council form. Finally, constitutional charter cities may adopt any form of government that the people approve in the charter.

[1]From 1821 to 1875, the Missouri General Assembly passed special charters for specific cities, until the 1875 Constitution prohibited further granting and amending of special charters. However, eight Missouri municipalities are still operating under special charters granted before 1875. They are Augusta, Carrollton, Chillicothe, LaGrange, Liberty, Miami, Missouri City and Pleasant Hill. If the voters of these municipalities decide to relinquish their special charters, they will be governed by the appropriate sections of the statutes relevant to their population classification.

Class	Population Requirement	Form of Government
Village	less than 500	Board of trustees
4th Class	500-2,999	Mayor/board of aldermen Mayor/city administrator/alderman
3rd Class	3,000-29,999	Mayor/council Mayor/city administrator/council Council/Manager Commission
Constitutional Charter / Home Rule	more than 5,000	To be decided by the people
Special Charter	no requirement	As set forth in the individual special charter

CDP: Census designated places (CDP's) are delineated for the decennial census as the statistical counterparts of incorporated places.

The Missouri Press Association is an organization of newspapers in the state.

Organized May 17, 1867, as the Editors and Publishers Association of Missouri, the name was changed in 1877 to the Missouri Press Association (MPA). In 1922, the association became a nonprofit corporation, and a central office was opened under a field manager whose job it was to travel the state and help newspapers with problems.

The association, located in Columbia, became the fifth press association in the nation to finance its headquarters through member contributions. The MPA's building was purchased in 1969.

As a founder of institutions, the Missouri Press Association aided in the establishment of the Confederate Soldiers' Home, the upbuilding of the normal schools, support of the public school system and advancement of the University of Missouri.

The association founded the State Historical Society of Missouri in 1898 and today several of its members serve on the board of trustees. Greatest among its achievements is the establishment of the first school of journalism in the world in 1908. The Missouri School of Journalism at the University of Missouri in Columbia continues as the largest and foremost school of its kind. It celebrated its centennial in September 2008. The association led the drive to fund the chair in Community Newspaper Management at the School of Journalism and its donations helped fund the student lounge in the school's Lee Hills Hall.

Through their association, the publishers in Missouri have worked to keep the press free and alert, as well as responsible; to keep it financially independent so it can render impartial public service; and to understand changing trends in business and in reader needs. Activities of the association include setting up workshops, seminars, conventions, publishing of a magazine, The Missouri Press News, supplying information to members, helping newspapers find skilled personnel and assisting with the placement of students.

On the occasion of its 100th anniversary in 1966, the association re-established the old Saline County Herald newspaper office in historic Arrow Rock and maintains a newspaper equipment museum in connection with it.

DOUG CREWS
Executive Director
Missouri Press Association

The Missouri Press Foundation administers and funds seminars and workshops for newspaper people, supports Newspapers In Education programs, and funds scholarships and internships for Missouri students studying community journalism in college.

Membership in the association is voluntary. All daily newspapers in the state are members and 99 percent of the weekly newspapers are members. In 2015, there were 249 weekly and daily newspaper members. The association also has 180 associate and sustaining members. It is supported wholly by dues paid by these members.

The central office in Columbia has nine employees. Doug Crews serves as executive director by appointment of the board of directors.

Show-Me Press Association

The Show-Me Press Association was formed in June 1995 at Lake Ozark when members of the Central Missouri Press and Northeast Missouri Press associations voted to combine their organizations with one board of directors.

The Central Missouri Press Association was organized Feb. 27, 1925 in Jefferson City with 30 charter members. Edgar C. Nelson, then owner and publisher of the Boonville Advertiser, was elected the first president. The district extended from St. Louis County on the east to Jackson, Cass and Bates counties on the west and included all 28 counties through the central part of the state bordering the Missouri River on both sides. In these counties are located the State Capitol, University of Missouri, State Fair Grounds and the University of Central Missouri. The first organizational meeting of Northeast Missouri Publishers was held in Hannibal in November 1889. Meetings of this group were held up to and including 1896, after which the organization disintegrated and was succeeded by the Northeast Missouri Press Association, organized in 1920 in Kirksville with Charles H. Weisenborn, editor of the Macon Daily Chronicle-Herald, as its first president.

Officers elected in June 2015:

President: Buck Collier, Hermann;

Directors: Dennis Warden, Owensville; Carolyn Trower, New London; John Spaar, Odessa; and Bruce Wallace, Ashland.

Missouri Advertising Managers' Association, Inc.

The Missouri Advertising Managers' Association, Inc., was formed in May 1948. Thomas F. Briggs of the Macon Chronicle-Herald was the first president. The organization was formed not only to help advertising managers, but, through the use of clinics, courses and exchanges of ideas, to benefit the buying public and merchants who purchase advertising space. The organization is concerned with the honesty, truth and equality of advertising in newspapers.

Missouri Associated Press Managing Editors Association

The Missouri Associated Press Managing Editors Association is an organization of editors of state AP member newspapers that provides the AP with working-level input on its coverage of Missouri and the rest of the world. The association provides an opportunity for member editors to better understand the functions of the news service and to assist the cooperative in gathering and distributing news and photos in Missouri. It was organized in 1950 as the Missouri AP Wire Editors Association, when C.W. Johnson of the Springfield Newspapers, Inc. called a meeting at Sedalia. He was named the group's first chair. It became the Missouri APME in 1985. It has sponsored an annual news writing contest for member newspapers, held in the spring; an annual Jobs Fair to help Missouri editors recruit from Missouri universities and colleges, held in the fall; and periodically critiques the Missouri AP report.

Past chair: Carol Stark, Joplin.

Missouri Circulation Management Association

The Missouri Circulation Management Association was formed in June 1948. Francis Pike, circulation manager of the Columbia Daily Tribune, was the first president. Missouri Professional Communicators, National Federation of Press Women

Missouri Press Women (MPW) was organized in Columbia, May 5, 1937. The original purpose of the group, as set forth in its constitution, is to secure the benefits of organized efforts; to foster mutual improvement through association; and to promote the highest ideals of journalism. Anyone residing or working in Missouri who qualifies as a professional communicator actively engaged in any aspect of the field of communications for remuneration, for at least one year immediately prior to application, may be eligible for active membership.

Missouri Press Women became a charter member of the National Federation of Press Women, established in Chicago, Ill., in 1937, on the date of the Missouri group's founding. Three Missouri members have served as national presidents: Bertha Bless, Weston, founding president of Missouri Press Women; Mattie Dykes, Maryville; and Mildred Planthold Michie, St. Clair.

In April 1999, the St. Louis Chapter became the Missouri Affiliate, taking responsibility for state functions. Members throughout the state may participate in professional workshops, seminars, programs and field trips planned by the Missouri Affiliate. The state group sponsors a Communicator of Achievement who is honored at the National Federation of Press Women meeting biennially. Each May, the Press Women gives the Virginia Betts White Quest Awards to professional communicators who excel and continuously represent the quest of the highest standards of professional ethics and excellence in the field of communications.

The Missouri Affiliate sponsors annual contests for members and high school journalism students. Categories are specified in all fields of communication. First place winners in the state contest are entered automatically in the national contest. In 1971, MPW received the Sweepstakes Award for earning the most points in the national competition.

In 1999, the St. Louis Chapter, now the Missouri Affiliate, established an educational scholarship fund for a mature woman pursuing a career in journalism, with matching funds provided by the Press Club of Metropolitan St. Louis and administered through the Journalism Foundation of Metropolitan St. Louis.

In 1962, the association dedicated a student lounge in Neff Hall at the University of Missouri School of Journalism, which it completely equipped and furnished.

At one time, the group met twice each year. One was a social gathering, usually in the fall at some resort in the area. The business meeting was held during the spring, at which time members and their families discussed newspaper problems and trends, saw exhibits by newspaper supply companies and heard speakers prominent in journalism and other fields. MARK GORDON
President/CEO
Missouri Broadcasters Association

The first radio stations to begin operations in Missouri were KMBC-AM (now KMBZ) in Kansas City and WEW-AM in St. Louis. Both signed on the air in 1921. In the following years, the number of radio operations steadily increased as the first FM stations began broadcasting in 1948. Today, there are approximately 400 radio stations serving listeners in Missouri.

Television broadcasting began in 1947 when KSD-TV (now KSDK) in St. Louis signed on the air, followed in 1949 by WDAF-TV in Kansas City. Federal policy suspended the granting of any further licenses until 1953. Shortly after licensing resumed, many additional television stations began operations. There are now approximately 60 commercial and public television stations broadcasting a variety of news, information and entertainment programs each day.

The Missouri Broadcasters Association (MBA) was formed Aug. 15, 1948, in Kansas City. Missouri was the second state to have a full-time broadcast association. North Carolina's association was formed earlier that same year. From its offices in Jefferson City, the MBA works for the broadcasters of Missouri, as well as allied organizations, to provide a variety of services.

The MBA is governed by a four-person executive committee and a 10-person board of directors representing radio and television broadcasters. Board members are elected for two-year terms and may seek re-election for one additional term. In addition, there are four standing committees, each responsible for a specific area of service. The committees have three roles: to represent member interests in state and federal legislative and regulatory processes; maintain the MBA office as a resource center for training, revenue expansion, cost control and information; and encourage the highest standards in broadcasting.

Since 1968, the Missouri Broadcasters Association has maintained a communications center on the first floor of the state Capitol. These facilities are available to radio and television broadcasters to aid in their coverage of state news. These facilities are also available to state officials and legislators for the recording of information to be sent to radio and television stations in Missouri.

Academy of Missouri Squires

An organization unique among the states, the Academy of Missouri Squires was founded in the fall of 1960 by Governor James T. Blair Jr., who established it with a ceiling of 100 members. Governor Blair's purpose was to establish an organization to honor Missourians for their accomplishments at all levels—community, state or nation.

Governor Blair appointed the first class of 10 Squires after consulting leaders in every section of the state. Each succeeding class has been elected by the membership of the Academy, after receiving nominations from the public as well as from the membership of the Academy. The governor and former governors of Missouri are automatically members.

Squires are listed by class. Present addresses are noted in parentheses when different from address at time of election.

Foreign Consulates in Missouri

Consulates are the offices established by countries for their representatives (consuls) living in certain foreign cities and serving the country's citizens and business interests there. The Missouri Consular Corps is compromised of foreign service officers from nations maintaining friendly relations with the United States. These officials are recognized by the U.S. State Department. They perform trade and diplomatic services for their own citizens and for United States citizens. This information was obtained from: Foreign Consular Offices in the United States by the United States Department of State (Revised Feb. 5, 2014).

The Missouri Consolidated Health Care Plan (MCHCP) provides medical coverage to employees and retirees of most state agencies and to employee and retiree dependents. Public entities such as school districts, cities and counties may also join MCHCP. Nearly 100,000 state and public entity members are covered through two types of medical plans: preferred provider organization (PPO) plan and high deductible health plan (HDHP) with health savings account (HSA). MCHCP also offers dental and vision coverage.

The Missouri State Employees' Retirement System (MOSERS) was established by law in 1957. The system is responsible for administration of the retirement program for all state employees (other than employees of the Highway Commission, the Highway Patrol and the University of Missouri). Effective Sept. 1, 1972, the program became noncontributory for members with the state becoming the sole contributor, except for members employed for the first time on or after Jan. 1, 2011. The system also provides life insurance coverage of one time annual pay for active members and $5,000 for retired members, with optional group life insurance coverage available at the expense of the members. The system is also responsible for administration of the state's long-term disability program for most state employees and the State of Missouri Deferred Compensation Plan. The system operates under the direction and control of an 11-member board of trustees made up of the state treasurer, commissioner of administration, two members each of the House and Senate, two members appointed by the governor, two active members elected by the active members and one retired member elected by the retired members.

Flag Etiquette

The following are some of the rules of flag etiquette regarding the time and manner of display and disposal of the flag of the United States of America pursuant to Title 4, Chapter 1 of the United States Code.

It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstaffs in the open. However, when a patriotic effect is desired, the flag may be displayed 24 hours a day if properly illuminated during the hours of darkness.

No other flag or pennant should be placed above or, if on the same level, to the right of the flag of the United States of America, except during church services conducted by naval chaplains at sea, when the church pennant may be flown above the flag during services for the personnel of the Navy.

No person shall display the flag of the United Nations or any other national or international flag equal, above, or in a position of superior prominence or honor to, or in place of, the flag of the United States at any place within the United States or any territory or possession thereof; provided, that nothing in this section shall make unlawful the continuance of the practice heretofore followed of displaying the flag of the United Nations in a position of superior prominence or honor, and other national flags in positions of equal prominence or honor, with that of the flag of the United States at the headquarters of the United Nations.

When flags of states, cities or localities, or pennants of societies are flown on the same halyard with the flag of the United States, the latter should always be at the peak. When the flags are flown from adjacent staffs, the flag of the United States should be hoisted first and lowered last. No such flag or pennant may be placed above the flag of the United States or to the United States flag's right.

The flag of the United States of America, when it is displayed with another flag against a wall from crossed staffs, should be on the right, the flag's own right, and its staff should be in front of the staff of the other flag.

The flag of the United States of America should be at the center and at the highest point of the group when a number of flags of states or localities or pennants of societies are grouped and displayed from staffs.

When the flags of two or more nations are displayed, they are to be flown from separate staffs of the same height. The flags are to be of approximately equal size. International usage forbids the display of the flag of one nation above that of another nation in time of peace.

When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, to the observer's left. When displayed in a window, the flag should be displayed in the same way, with the union or blue field to the left of the observer in the street.

When used on a speaker's platform, the flag if displayed flat, should be displayed above and behind the speaker. When displayed from a staff in a church or public auditorium, the flag of the United States of America should hold the position of superior prominence, in advance of the audience, and in the position of honor at the clergyman's or speaker's right as he faces the audience. Any other flag so displayed should be placed on the left of the clergyman or speaker or to the right of the audience.

The flag, when flown at half-staff, should be hoisted to the peak for an instant and then lowered to the half-staff position. On Memorial Day the flag should be displayed at half-staff until noon only, then raised to the top of the staff. By order of the President, the flag should be flown at half-staff upon the death of principal figures of the United States government and the governor of a state, territory or possession, as a mark of respect to their memory. In the event of the death of other officials or foreign dignitaries, the flag is to be displayed at half-staff according to presidential instructions or orders, or in accordance with recognized customs or practices not inconsistent with law.

In the event of the death of a present or former official of the government of any state, territory or possession of the United States, the governor of the state, territory or possession may proclaim that the national flag shall be flown at half-staff.

- The flag should be hoisted briskly and lowered ceremoniously.
- The flag should be displayed in or near every polling place on election days.
- The flag should be displayed during school days in or near every schoolhouse.
- The flag, when it is such that it is no longer a fitting emblem for display, should be destroyed in a dignified way, preferably by burning.

The Pledge of Allegiance

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.
